

Gather the essentials for the Paleo diet with this shopping list! Have you ever noticed that we, as a people, are not as healthy as we once were? It seems that people are getting sicker and afflicted with more diseases than ever before, and dying at a much younger age. While many factors play into these statistics, one of those is the food that you consume, and that is where the Paleo Diet comes into play. This very special diet aims to take people back to yesteryear, the way that people once ate. With this diet from yesteryear there are numerous health benefits, and those who use it find themselves looking and feeling better in no time at all. While the Paleo diet is still one that lacks a great deal of research, there are reports that indicate that consuming a diet based upon that in which this diet is based can help improve good cholesterol levels while lowering the bad and help with conditions like diabetes and can help lower blood pressure. The Paleo diet consists of foods that you can find naturally, in nature. If you can hunt it or find it in the wild, it can be consumed while on this very special diet. There's no grains allowed while on the diet, so you'll need to cut out all of the pastas. You're also not allowed any sugar or processed foods. The Paleo Diet is beneficial to both men as well as women of all ages, and is particularly fond with people seeking to quickly shed weight. There's no counting calories, something that can cause many people frustration and hardship when trying to maintain their diet. You eat sensibly while on the diet, and eat only the foods that are approved for you to eat. This really makes things easier to do with success. It is pretty hard to lead a normal wife when you are always topping to count calories and look at nutritional value. Reading this book you will: 1. Know what the Paleo Diet is 2. Understand about plant based fats 3. Get the most out of your Paleo Diet 4. Know the beverages you should drink 5. Gain a full shopping list for the Paleo Diet And More! What others are saying: "I've been eating Paleo for a couple months now. I know what to get but I'm not quite sure on what not to use. The Paleo Shopping list provided in this book is a lifesaver for when you're in the grocery store. I carry it as a little cheat sheet with me whenever I go shopping!" – Travis Gutierrez "The shopping list provided in this book is a must have for those who need direction in the grocery store. The Paleo diet is a great diet and the list in this book makes shopping easy. This book is a must have for all of those who are doing the Paleo diet." – Maranda Tamer
