

BOOK #1: ROMANCE: Forbidden Wishes Simon's life is quite dull compared to yours and mine. He goes to work, comes home, and sits in front of the television. Simon is very happy with his life, just the way it is, but he wants someone to share it with. After searching on dating websites for a woman to join him, he finds Michelle. With her good looks and big breasts, she is everything Simon wants, but will she like him, or will she slip away after the second date? With luck on his side, Simon realizes that Michelle likes his gentle nature, and she finds him sexier than he ever imagined. With a bit of persuasion, she and Simon meet Rona, and invite her into their bed, where they explore each other and act out their forbidden desires. With a lot of love and trust between them, Simon and Michelle explore their fantasies, and realize that you can be faithful to one person, while experimenting with another. Life changes for Simon in ways that he could never imagine, and his future seems a lot brighter once Rona is brought into their bed, and allows them to delve into those fantasies most of us never reveal to anyone.

BOOK #2: ROMANCE: Vampires Seductive Eyes: BBW Paranormal Vampire Romance It's been a long time coming, but Graham Wells has his life figured out. He's accepted his birthright as the leader of his Pack – after all, who better to make the rules than the man who best knows how to break them? – and their ranch, deep in the Montana hills, has finally started to turn a profit. His years of raising hell are over, or almost over. Graham's inner animal won't quite allow him to settle down, but at least he's trying to do the right thing. Until Victoria Foxley. The mystery girl with curves for days and secrets to match has been in town all of one week when Graham sniffs her out, unable to resist the scent of blood and molasses that follows her like perfume. You see, Victoria isn't just any girl. She eats men like Graham for breakfast...literally. It's Graham's duty to destroy any threats to his Pack, including beautiful vampires with eyes that promise anything and everything. But Victoria has other plans for him, plans he might not be able to resist if he even wants to try.

BOOK #3: ROMANCE: Longing For the Wolf Alisa Asinomov has always been an outcast. She has been ridiculed and rejected relentlessly by her family and community because of her size all her life. Her beautiful plus sized figure is not appreciated at all in her native Russia. In fact her community treats her as if she is a leper and her family feels that she will never find someone to love her and bear them grandchildren. Alisa has been brainwashed by so many of these lies since she could remember that she has given up and resigned herself to a life of loneliness. But then on a whim Alisa signs up for a mail order bride service. She is blown away when she meets a man named Simon who seems to adore her right away. They quickly fall in love and agree to marry. Now Alisa is on her way to America to begin her new life as the wife of a wealthy American businessman. But little does she know that her new husband is not at all like other men. There is a darkness that dwells within all men.. a beast.. and for her new husband Simon, the beast is all consuming.. and it is hungry.. it has taken the form of an animal lust that is insatiable, and inhuman.. Alisa is about to learn that if something is too good to be true.. it usually is.. and sometimes this can be the gravest lesson of all..
