

This volume presents recent international research results of Old Testament studies and related fields. The topics of the individual contributions vary widely and are concerned with exegetic and literary questions, historical and religious problems, as well as central questions of Theology of the Old Testament. In den Beiträgen dieses Bandes werden neueste Forschungsergebnisse dargelegt, die weltweit mit der wissenschaftlichen Arbeit am Alten Testament sowie in den mit ihm in Verbindung stehenden Wissenschaftsgebieten erzielt wurden. Die Themen der einzelnen Aufsätze sind breit gefächert; sie betreffen sowohl exegetische und literarische Fragen als auch historische und religionsgeschichtliche Probleme sowie zentrale Fragen der Theologie des Alten Testaments.
