

Fever

Cowboys, ranchers, rodeo performers; theres just something about a man in cowboy boots and hat that sets the heart pumping faster, that gives us Fever. With this anthology weve taken a dash of historical, a cup of rodeo and a whole passel of hot men, then added a little sweet, a little raunchy, and plenty of western. From an old-fashioned rodeo in the Wild West through contemporary bullfighters to a modern day camel twist, these tales run the gamut. The one thing they are all sure to have in common is the cowboys we love and cant get enough of. So put on some country music and imagine wide open spaces as you sit back and enjoy these stories weve collected for you. Stories included in Fever are: Loose Riggins by Julia Talbot Two Buckets and a Snakeskin Suit by Aaron Michaels Torn by Sean Michael Cowboy and Indian by Rob Rosen Heart of Dixie by Mychael Black Ready to Ride by Katherine Halle White Hat/Black Hat by Kiernan Kelly In the Pocket, a Roughstock story by BA Tortuga
