

Performance Management: Building a High-Performance Workplace

Expert author Hari Das has taken a practical, hands-on approach to performance management, providing numerous references, examples and cases, to meet the needs of HRPAO and CCHRA students as well as practicing HR generalists. In addition to providing a blueprint for the implementation of performance management in the Canadian workplace, this indigenous text addresses common implementation challenges: variances in management style, budget restrictions, ethical problems, small business concerns, and increasing workforce diversity.
