

Infidelity, Deceit and Betrayal: What It Is, What It Means and How To Tell If It May Happen To You

Over one third of married people have admitted having an affair in America. Infidelity is becoming a way of life for many and it does not seem to be slowing down. When it happens it can rip families apart and ruin marriages and fortunes. A cuckolded person can have emotional problems for years and the hurt is very difficult to get over. In this short but to the point book, the author attempts to explain why infidelity happens, how it works and what can be done to both prevent and avoid it before it happens. You can be reading this in less than five minutes.
