

## Who Killed Jesus?: How Hierarchy, Atonement Theology, and the Just War Tradition are Stumbling Blocks to Christ

Winner of the GOLD 2015 Independent Publishers Book Award (IPPY) Religion: Eastern / Western. Though hierarchy, atonement theology, and the just war tradition are thought basic to Christianity each one is responsible for doing great harm. Hierarchy is a dominating relationship model and diminishes Jesus way of relating in communion. Atonement theology believes in a wrathful God who required Jesus suffer on the cross in payment for sin but Jesus was very loving and never demanded anyone else suffer, sinners especially. The just war tradition is a violent behavioral ethic that Jesus never practiced and blocks the creative healing power He did practice. All three elements are so harmful theyre responsible for killing Jesus. High priests judged Jesus a sinner believing he needed to suffer in atonement for his disobedience and so brought him to a just war traditionalist, Pilate, who had him executed. Read Who Killed Jesus? and discover how the harmful elements responsible for killing Jesus became embedded in His faith community and block his communal, loving, and healing
