

Since the beginning of creation, God had a plan for the redemption from sin of all mankind. He first foreshadowed through the Hebrews in ancient times how the covenant through blood would later redeem people from sin through Christ's perfect sacrifice on the cross. But every detail of Jesus' passion was carried out with a specific and significant meaning. From His suffering in the garden in Gethsemane to his back being beaten to his side being pierced, everything was perfectly allowed by the Father for our benefit. This manual will take you to an in-depth analysis of how every step that led to the cross was carried out to make us free from every curse brought upon by sin.
