

OUT OF THE BOX

This revised edition of OUT OF THE BOX is the story of one woman's journey out of the box of a stifling marriage. Marla Harris Simmons is just one of a multitude of women caught in the imaginary, but nonetheless formidable, box of marriage to a controlling husband. Although painfully aware of her limitations of life in the box, she remains there until forced to leave the box's deceptive security and venture forth into the world. Marla begins her search for her place, her personal destiny, by stepping forward into the modern world while going backward to rediscover her heritage.
