

Shabby Chic at Heart (Shabby Chic Trilogy) (Volume 1)

Tara has always been too engrossed in her work - refurbishing the historical homes in Smithville. She keeps a tight rein on her jobs and her emotions buried, but she's losing control of both since that ridiculous city boy investor showed up. New in town, Justin is confident that his ultra modern resorts will bring Smithville into the twenty-first century. If only the locals-yokels and their ringleader, the gorgeous and peculiar Tara, would stop interfering. With her quirky and protective hometown behind her, will Tara confront Justin and the town's long buried secrets to take on the financial and emotional risk of a lifetime?
