

Devotions from the Road of Life: Devotions for Caregivers (Volume 2)

This book of devotions is aimed toward those in a caregiver role, with the intention to encourage and support. Written by a woman who has found herself in the role many times, the short essays and poems bring a hopeful perspective to a job which often seems hopeless. The entries, written in English, approach the situation from a Christian world view. The author supports her position with Scripture and personal anecdotes. The short book will provide comfort and encouragement to those in a role which often comes unsought and unwanted. Whether you're caring for an aging parent, a disabled spouse or child, you'll find this book to be a valuable resource when you're feeling alone.
