

Sarah Mayfield now holds all the cards in her favor. She's intelligent, sexy with just the right hint of quiet shy girl to make any man she crosses desire her love. Her long black hair, curvaceous figure and shimmering emerald eyes are every man's dream. But Sarah has found the love of her life, in the most unlikely of people. She now ponders a bright future, one free of the chains of fear and reservation. Dan Mayfield has found himself tossed head feet into love, something he never expected. With his heart filled to the brim with new hope and happiness, he has secretly decided to give up his bad boy life and settle down, wanting nothing more than spend the rest of his days with Sarah. Though his muscular figure, sandy blonde hair and blues still pours in the attention, Dan now has eyes for only his true love, dreaming of the bright future they will share. Five day's drive still ahead and conflicts behind them, Sarah and Dan now make their way the remainder of Route 66, headed back home to meet with Ray, Sarah's father and Dan's greatest male influence, to tell him the surprising and happy news. But a sudden illness in Sarah lands the couple in ER where she is subjected to a series of tests. The results turn their heads, causing the happiness of their love to become mixed with anxious anticipation. As they head the final miles home, each struggles with their own mixture of hopes, fears and reservations for the future, but with a promise that their love will last as long as they both shall live. Will their news be too much for Ray, the most important figure in both of their lives? Or will this be the start of a journey in life together?
