

Street Walker

This is the story of a young girl who suffered the abuse of an alcoholic mother. Upon her father's death at the age of nine, her mother targeted her brother and herself with physical, mental and verbal abuse. This led the young girl to question her faith and the purpose of her existence. Compelled to leave behind everything they had ever known, the siblings leave the mother's house in hopes of a better life. This is a heart-wrenching story of the sacrifices a sister made to be reunited with her brother after being separated by the system. It is a struggle that defines the bond of family, and the courage and faith it takes to overcome incredible odds.
