

Forbidden Love. Unimaginable War. My name is Carivel, and I have a scandalous secret. I was born female, but I've been living as a boy for years in my adoptive village of Draebard, doing a job the elders insist can only be done by a male. The last thing I ever needed was to fall in love with two seemingly unattainable men. Getting too close to anyone risks revealing my birth sex, and if my secret gets out, I'll become a pariah—facing exile, or worse. I'm not alone, though. The men I love have secrets, too. Senovo, a eunuch priest, has been hiding his shape-shifting curse, convinced that the wolf inside him is a cold-blooded killer he can't control. By contrast, Andoc is a fierce warrior and a favorite of the village chieftain. But if his history of male lovers—including Senovo—came to light, that could all change very quickly. Now, the three of us are embroiled in a desperate bid to unite the ragtag tribes on the island of Eburos against an invasion by the powerful Alyrion Empire. One by one, our secrets are coming out. And it's not merely our own lives at stake—far from it. If the negotiations fall apart, it might just mean the end of everything. * * * Nominated for the 2016 Rainbow Awards, The Complete Horse Mistress Collection is an explicitly steamy paranormal MMF menage romance with a twist.
