

Ancient Egypt's first female king, Sebek-Neferu-Re, reigned for four years then disappeared into the shadows. Dr. Mervyn Lane, the Egyptologist, feels that his destiny is somehow connected to the Lost Queen and he has sought the answers all his life. Now his benefactor, Stephan Ionidies, has agreed to pay all expenses for a full scale search for the tomb in the valley at Darfur. The journey will take Mervyn from Oxford, England to Khartoum and Darfur in the Sudan and finally the Ahaggar plateau in the Hoggar mountains in Algeria. Helped by the Immortal High Seer of Egypt, Mervyn will have to travel back 4000 years in time to Ancient Egypt. Who or what will he find there? Love, death or both? Will he survive to be re-incarnated back in the modern world, and what is his connection to the mysterious Spirit Pharaohs? Set in 1969 and based on historical details, this is a romantic adventure full of drama, political intrigue, mysticism, magic and humour. This is the origin of the Spirit Pharaohs and the first book in their series.
