If you're an Outlander fan, you will love this time traveller story as we follow Marion on her journey from our contemporary time, to 18th century Scottish. Marion has now spent three months in her latest time travel journey to the year 1710 in the Scottish Highlands becoming accustomed to the ways of the Bruce Clan that have taken her in. It has been uneventful until Bruce Castle is raided and burned to the ground causing Marion and her trusted new friend the Lady Bruce to flee and take shelter in hiding with the McBride Clan. The only problem is, the McBride sons, although attractive and fit are most unwelcoming to Marion who they see as a spoiled outsider putting the McBride Clan in danger. Liam McBride loathes the newcomer who seems to purposefully do dumb things that put his clan in danger, but when he is up against her wild spirit, he wants nothing more than to tame her the way he is accustomed to taming the women of the Highlands, he just has no idea he is dealing with a modern woman, with modern ideals. Will their anger and loathing for each other drive the two clans apart, or will it ignite a fire between them that has Marion wondering if she ever truly wants to return to the twenty first century? This steamy novel is guaranteed to make your knees quake! Warning: This book contains Explicit Erotic content and is intended for adult eyes only!
