

Lady Marions Discovery

This is a historical erotic short story (word count 5,917). Lady Marion is not holding any high expectations for a happy future on the eve of her wedding day to Lord Stuart Duncan. And she had certainly not foreseen her life taking on a dramatic turn as she by chance meets a double of herself, a maid called Jess in Lord Duncans fortress who shares a startling resemblance to her. Using this discovery to her advantage Marion takes on the identity of Jess for one night, and it is on this night that she gets to meet her future husband for the first time. An encounter that will leave Marion very confused as she battles with feelings inside herself which she never thought she possessed.
